

Sprint Retrospective, Iteration #8

User Story	Task #	Assigned to	Estimated Effort (hours)	Actual Effort (hours)	Done (Y/N)	Pull request	Notes
As a user, I like to have a preview of my preset.	When saving a preset, get a picture from the camera and store it with the preset.	Tabe	13	14	Y	#91	
As a user, I will like to have a bug-free Application	Find and fix bugs in the backend.	Bart	10	8	Y	#88	
	Find and fix bugs in the frontend.	Steven	5	4	Y	#87	
As a user, I like to have my live script and presets synchronized between the different clients.	Set up communication with a MySQL database.	Thomas	5	6	Y	#86	Used the wrong IP address which took about an hour to finally figure out.
	Use database for synchronization of presets.	Thomas	5	4	Y	#86	
	Use database for synchronization of live script.	Thomas	5	6	Y	#86	

As a developer, I like to have an interface to see the live camera streams for debugging purposes.	Create a new interface for selecting and then showing a camera stream.	Tim	5	6	Y	#90	
As a director, I like to have a clear view of the script during live production.	Display the script and next shot button.	Tim	7	7	Y	#93	
	Allow editing of shots within the interface.	Tim	5	6	N	-	Table with the shots does not update properly as of yet.
As a cameraman, I like to view the script in live production.	Make the cameraman select his cameras.	Steven	2	3	Y	#87	
	Show the script for the selected cameras.	Steven	5	7	Y	#87	
	Integrate editing of presets	Steven	3	1	Y	#87	
As a user, I would like to edit the settings.	Create the settings menu	Bart	5	10	Y	#88	
As a user, I like to have more information about the shot.	Add an 'action' field to describe an action while performing the	Tab	2	3	Y	#84	

	shot						
As a context project group, we have to show what we've done during the project.	Create a draft version of the final report.	Everyone.	4 p.p.	16	Y	-	
As a developer, I want to have a clear overview of the architecture of the product.	Extend emergent architecture design.	Everyone	1 p.p.	1	Y	-	
As a developer, I want to have a high code quality to improve readability and maintainability	Code review	Everyone	4 p.p.	4	Y	All PRs	

Main Problems Encountered

Problem 1

Description: Both Steven's and Tim's laptop show some problems with Eclipse which slowed down production, which sadly, we did not find a real solution to.

Reaction: Work through it, despite the worse circumstances. More time was spent.
